

## **Join Us at Vega Schools**

*Sector 76, Gurugram*

We're inviting two kinds of educators, those who bring depth, presence, and genuine love for their craft into the classroom.

### **English Educators**

Those who live with literature. People who read often, collect books, exchange recommendations, and enjoy conversations about stories, ideas, and language. Educators who bring the joy of reading and the power of expression into children's everyday lives.

We're looking for teachers who see language not just as a subject, but as a way of thinking and connecting. Those who make space for questions, interpretations, and the quiet magic that happens when a child discovers a story that speaks to them. If you believe that reading shapes how we see the world, and that good writing teaches us to think clearly and feel deeply, we'd love to hear from you.

### **Primary Educators**

Educators who notice children with depth, bring calm curiosity into the room, and make learning feel meaningful and alive.

We're seeking teachers who understand that childhood is not just preparation for something else, it matters now. Those who create classrooms where children feel seen, where wonder is welcomed, and where learning happens through exploration, not just instruction. If you approach teaching with patience, attentiveness, and the belief that every child has something important to say, this could be your community.

*If this feels like your way of being, you'll find a natural home with us.*

At Vega, we value educators who bring their whole selves to their work, who care about ideas, children, and the kind of environment where both can flourish. We're building a space where thoughtful teaching is celebrated, where collaboration matters, and where you'll have the support and freedom to do meaningful work.

### **We're hiring:**

- English Educators (Primary and Middle School)
- Primary Educators (PRT)
